

EAN:	4013288207227	Size:	245x95x25 mm
Part number:	05022130001	Weight:	480 g
Article number:	950/9 L Hex-Plus HF 1	Country of origin:	CZ
		Customs tariff number:	82041100

- The holding function on the long arm keeps screws securely on the tool
- Hex-Plus allows socket head screws to live longer
- Extra-long arm
- High corrosion protection thanks to chrome-plating
- Wear-resistant clip material for enhanced durability

Set of high-quality L-keys for hexagon socket screws with high corrosion protection and extra long lever for high power transmission and working in low positions. The Hex-Plus profile offers larger contact surfaces at the screw head. The notch effect is thereby reduced to a minimum, the destruction of the screw head almost eliminated. Tools from size 3 onwards offer a holding function through a pressed resilient ball.

L-Keys

We questioned the classic L-key design, since all too often the screw head recess is rounded out, meaning screws can no longer be tightened or loosened - and so the user finds the L-key slipping out of the recess. Wera Hex-Plus tools have a larger contact surface in the screw head. The notching effects are reduced and thereby the deformation of the screws. At the same time, as much as 20 % more torque can be applied.

With holding function on long arm

The clamping of the screw is achieved by a flexible locking ball. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw on the tool.

Hex-Plus

Hexagon screws can endure a problem because the contact surfaces delivering the power from the conventional tool, is transferred to the screw via very small surface areas. The consequence: the screw can become damaged (rounding out). Hex-Plus tools have a greater contact surface that prevents this from happening! At the same time, as much as 20 % more torque can be applied. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

Size markings

All L-keys are easily accessible due to their size markings.

High corrosion protection thanks to chrome-plating

Chrome-plated hexagon L-keys for outstanding surface protection and long service life. High corrosion protection.

Secure hold and easy removal

The wear-resistant clip material ensures that the L-keys are securely held yet are easy to remove.

Set contents:

950 L HF L-key, metric, chrome-plated, with holding function, 10 x 219 mm

05022125001	1x	10 x 219 mm
05022124001	1x	8 x 200 mm
05022123001	1x	6 x 180 mm
05022122001	1x	5 x 160 mm
05022121001	1x	4 x 140 mm
05022120001	1x	3 x 126 mm

950 L L-key, metric, chrome-plated, 2.5 x 112 mm

05021610001	1x	2.5 x 112 mm
05021605001	1x	2 x 100 mm
05021600001 ¹⁾	1x	1.5 x 90 mm

1) Regular hexagon
