

The Wera tool Advent calendar 2026.

A perfect companion for the holiday season.

Code: 05 **136614** 001
EAN: 4013288237125

The iconic Kraftform handle as a torch with screwdriving function and other premium tools – Wera's Advent calendar includes 24 surprises that will make every tool fan's heart beat faster in the 2026 Christmas season. A special highlight: the compact, high-performance torch with screwdriving function in the design of the Kraftform handle. Not only does it provide necessary light – with a bit inserted, the torch can also be used for screwdriving. Behind the 24 doors you will also find 9 bits, one handle with 1/4" mounting, 7 L-keys. Everything is safely stored in four modular holders. One particularly stylish, sturdy textile tool-dock on which all four tool modules can be securely attached. This keeps the tools neatly stored and always within easy reach. One adapter, which also allows the tool modules to be connected to the Wera Modular system. The bottle opener gives you something to look forward to after a job well done!

- Advent calendar for tool fans
- Iconic battery-powered Kraftform torch with screwdriving function, two brightness levels (energy-efficient), 1/4" bit mounting, automatically focusing light cone for optimal illumination
- Torch with screwdriving function, bits, L-key and Kraftform handle stored on four modular holders
- The modular holders can be attached to the textile tool-dock
- All modular holders can be combined with the Wera Modular system, using the adapter included in the set
- Bottle opener for an evening well-deserved
